

TULANE FAMILY DENTISTRY

PAYMENT AND INSURANCE

PATIENTS

On your first visit please have your identification and insurance card available. Our patient Medical Forms are available on this website. Feel free to print and complete the forms prior to your visit, which would expedite check-in once you arrive at the office.

PAYMENT AND INSURANCE

Healthcare should be accessible to everyone. Dental insurance provides you the opportunity to have these services completed without entirely having to come out of pocket. There are many reputable insurance companies including but not limited to United Concordia, Delta Dental, Humana, Cigna, United Healthcare, Aetna, just to name a few. Explore your options and ask questions. We are providers for a number of insurance companies. While we do not accept DHMOs, we file most insurance as an out-of-network provider.

Payment is due the same day services are rendered.

Payment Options: In addition to cash and checks, we accept debit cards, American Express, Discover, MasterCard, and Visa. If you'd like to learn about financing options, please visit www.CareCredit.com. These reputable third party banks provide low- and no-interest dental care loans to qualified applicants.
